#### Qualification Rounds

All registered athletes will compete in the qualifying stage, where each participant will bowl a set number of games—typically six. The total cumulative pinfall from these games will determine the preliminary rankings. Performances in the qualifying rounds are critical, as only the top-ranked athletes from each age and gender category will advance to the final stage.

#### Finals

**UNITED BY SPORTS,  
ACTIVE FOR LIFE**

The top athletes—usually the top 4, 6, or 8 depending on the number of entries—will progress to the finals in their respective categories. The finals may consist of an additional series of games, with pinfall from these rounds alone determining the final rankings. Qualification scores will not carry over to the finals unless otherwise specified in the competition briefing.

In some categories, finals may also adopt a stepladder or knockout format, based on final entry numbers and the decision of the Bowling Committee.

## 2.4. Scoring

The competition will use **total pinfall** as the primary method for ranking participants. Each athlete's total number of pins knocked down across their games will be recorded and used to determine their standings in both qualification and finals.

### Tie-Break Rule

In the event of a tie between players or teams affecting rankings, qualification, or prize positions, the tie shall be resolved by a roll-off using Frames 9 and 10 only.

- Each tied player/team will bowl Frames 9 and 10, starting from a fresh setup.
- The combined pinfall of Frames 9 and 10 will determine the winner.
- If the tie persists, the roll-off shall continue on Frame 10 only, repeated as necessary until the tie is broken.
